Dear team cobra,

As many of you know, the next ECM will take place on 09.04.2015 at Barcelona Sitges!.

Javier and me, Héctor, we already have the most important things, which are permissions to expose all the cars on the promenade of Sitges and the Hotel where we can stay.

First of all, we would like to make you a brief introduction of Sitges:

Sitges is a Mediterranean coastal town located in the Garraf, Barcelona, Catalonia, Spain.

Sitges has a "micro-climate" warm, thanks to its geographical position in the Mediterranean and sheltered by the mountains of Garraf, which makes it possible to enjoy outdoor activities almost every day of the year.

In addition, at any time of year take place in this beautiful town, countless events, from the Sitges International Fantastic Film Festival of Catalonia, Carnival in Sitges, local Festivities, Festival Theatre, Vintage, concerts ... or just go for a walk along the promenade, by the Natural Parc del Garraf or their famous sitgetanas nights in his famous "Calle Primero de Mayo".

We can find 4 Km. Of beach, plus a beautiful promenade with the Indians mansions on one side and the sea on the other, which makes it's always a good excuse for a trip to Sitges.

There are two residential areas located at a distance of Sitges that are within the city limits. One is the village of Garraf located on the coast near the C-31 on the road to the coast between Castelldefels and Sitges and the other is the residential area of Les Botigues of Sitges, which is closer to the town of Castelldefels . Both areas have their own ports, Port Garraf and Les Botigues called Port Ginesta.
